AGGREGATORS

State-wide Directory

The Idaho Aggregators Directory helps connect producers with businesses that buy products from multiple farms and food makers, then combine, store, and deliver those products to larger wholesale customers. Idaho aggregators and Idaho food hubs make it easier for small and mid-sized producers to reach grocery stores, restaurants, schools, distributors, and other markets they may not be able to serve on their own. Whether you're looking for a farm aggregator to help grow your business or a buyer searching for local products, this directory supports market expansion throughout Idaho by connecting the right people with the right opportunities.
